<i>Remaining</i>	<i>£10,700.36</i>

Our sports premium is used to enhance the quality of the PE curriculum by purchasing additional PE trained support via Shrewsbury Town in The Community. In addition we supplement our target of ensuring all KS2 pupils being able to swim by purchasing time in a local pool. Finally we are redeveloping our playground for our most complex and profound young people so that they can have access to a safe and specific area to be outside and experience movement activities within a sensory environment.
